

as defined by EU-directive(s)

Directive 2014/68/EU

PRODUCT Ball Valve
fabricate PVC; DN32/d40 – DN80/d110 ; EPDM/FPM
type M1

is developed, designed and produced in accordance with above mentioned EU-directive(s), under the own responsibility of

Company Praher Plastics Austria GmbH, Poneggenstraße 5, 4311 Schwertberg
Conformity procedures Category I, Module A

The durability of pressure and temperature depends on the material, the dimension and the actuating element. The user is responsible for a check if the product can be used. Therefore please use the technical datasheets which can be found at www.praherplastics.com

Applied harmonized standards, guidelines and specifications in particular:

EN ISO 16135 : 2006

EN ISO 15493 : 2003

A complete technical documentation is existing.
The associated operating instruction of the product is given.

Comments:

Valves with dimensions <DN32 are not part of this directive.
We make the advice that each self-contained change, through which the technical data are changed, excuses the Praher Plastics Austria GmbH from this declaration.
